

Marching For Love

Ev'rybody raise your hands we're singing this song out of love

*Can you hear the music, the rhythm of the drums around the crowded streets
come walk with me. The Marching band is playing
People gather, dancin', singin' everywhere in this big parade*

Ev'ry boy and every girl, raise your voice and show the world

We're marching, marching for love oh-oh-oh...

Marching, marching for love oh-oh-oh...

Ev'rybody raise your hands we're singing this song out of love

I can be your brother, Every day there will be another to sing this song. Let's carry on...

Ev'ry boy and every girl, raise your voice and show the world

We're marching, marching for love oh-oh-oh...

Marching, marching for love oh-oh-oh...

Ev'rybody raise your hands we're singing this song out of love

All around the world

Marching, marching for love
